Property Details

Location: Playa Blanca
Exclusive to KPG Property and marketed through Lanzarote Investments, Camelot is a new development of detached villas with private swimming pools in Playa Blanca. Construction is already well underway, with the development visibly taking shape and completion scheduled for April 2027, offering buyers the opportunity to secure a brand new home without the lengthy wait often associated with early stage off-plan developments. Designed with contemporary architecture and generous indoor and outdoor living spaces, Camelot combines modern design with a practical layout, creating attractive new homes in one of Lanzarote's most sought-after coastal locations. Each villa offers approximately 125 m2 - 135 m2 of built area arranged over two floors. The ground floor features a spacious fitted kitchen and dining area together with a separate bright lounge, with both spaces designed to connect naturally with the exterior terraces and private pool area. Also on this level are two double bedrooms, a family bathroom, entrance hall, utility room and additional technical and storage areas, providing a well-planned and functional layout for everyday living. The upper floor is dedicated to the principal suite, incorporating a generous bedroom, dressing area, en-suite bathroom and additional storage. From this level, owners also have access to an impressive private roof terrace, providing further outdoor space to relax and enjoy Lanzarote's year-round climate. Outside, each villa benefits from its own private swimming pool, landscaped garden areas and spacious terraces, creating an excellent setting for outdoor dining, entertaining or simply enjoying the Playa Blanca sunshine. The contemporary architecture is characterised by clean lines and modern finishes, while pre-installation for air conditioning allows owners to install a system according to their individual requirements. Ideally located in Playa Blanca, Camelot provides convenient access to the resort's beaches and sea front promenade, Marina Rubicon, restaurants, shops and everyday amenities while offering the comfort and appeal of a brand-new detached home. With construction progressing well and completion scheduled for April 2027, Camelot provides an opportunity to purchase at an exciting stage of the development, when buyers can already see the project taking shape while still securing their preferred villa ahead of completion. Contact Lanzarote Investments today for current availability, floor plans, specifications and further information on Camelot. Disclaimer: Computer-generated images, architectural renderings and artist impressions are provided for illustrative purposes only and are intended to give prospective purchasers a general indication of the proposed design, layout and finishes. Final specifications, landscaping and finishes may vary.
