Property Details

Location: Charco del Palo

We are delighted to present this extraordinary front-line residence, offering direct access to the beach and uninterrupted views across the Atlantic Ocean. Set on a prime 2,000m² plot, the property enjoys one of the most privileged positions on the island. The main villa, complete with a private elevator making it fully wheelchair-accessible, is complemented by a 50m² guest studio and a striking enclosed swimming pool pavilion with its own sauna, all nestled within mature gardens planted with native palms, cacti, and volcanic shrubs. The villa itself is both impressive and inviting, with a unique natural lava stone tower as its signature feature. Inside, a welcoming entrance gallery leads to a custom-made solid oak kitchen, elegant dining room, and a dramatic two-storey study rising to 9 metres, adorned with magnificent floor-to-ceiling bookcases in solid wood. This exceptional space can also be adapted into additional bedrooms if desired. The spacious living room, kitchen, and dining areas all open seamlessly onto a generous terrace that spans the southeast side of the villa—perfect for enjoying the sea views and relaxing outdoors. The home offers three bathrooms and a grand master suite with excellent storage, including two expansive built-in wardrobes. The grounds also include a charming self-contained annex, ideal for guests or as a boutique holiday rental, with its own terrace and ocean views. Additional highlights include a wine cellar, cave-style snug, double garage/workshop, and a state-of-the-art alarm and lighting system. This property represents a rare opportunity to acquire a true luxury home in a spectacular front-line position. Further details available upon request.
