Property Details

Location: Guime

A rare opportunity to secure a spacious urban corner plot in the heart of Güime, one of Lanzarote's most charming and conveniently positioned villages. Measuring 1,030m², the plot enjoys beautiful panoramic views across the sea and surrounding volcanic landscape, all from a notably private setting. Sold without a project or building licence, the land gives future owners the freedom to create a home tailored entirely to their vision. Its corner position allows for excellent natural light and a choice of orientations, making it a superb blank canvas for a bespoke, architect-designed residence. Current building regulations allow for a single-storey property of up to 206m², representing 20% of the plot and preserving the island's characteristic low-rise style. Additionally, the entire plot footprint of 1,030m² may be used for an underground level, creating exceptional scope for a basement, garage, home cinema, gym, wine cellar, guest suite, or a combination of lifestyle spaces. Güime's central location is one of its key advantages, offering easy access to many of Lanzarote's best-known areas. Puerto del Carmen, Arrecife, and Playa Honda are all only a short drive away, while the village itself maintains an authentic and peaceful atmosphere, away from the busier tourist resorts. Whether you are seeking the perfect setting for a dream family home or a refined investment property, this plot offers outstanding potential in a highly desirable location. Viewings are highly recommended.
